

COUNTY OF YORK

MEMORANDUM

DATE: July 14, 2003 (BOS Mtg. 8/5/03)
TO: York County Board of Supervisors
FROM: James O. McReynolds, County Administrator
SUBJECT: Grant Contract for Functional Family Therapy Program

Background

York County has successfully competed for a grant in the amount of \$211,130 under the Virginia Department of Criminal Justice Services Title II Program. This program targets young offenders age 14 and under and their siblings to receive intensive counseling services in an attempt to reduce repeat offenses. No match is required of this grant and after the first 18 months grant funds are reduced by 25% in each subsequent 12 month period.

The Division of Juvenile Services of the Community Services Department will administer the program. This grant extends and significantly enhances the Division's ongoing programs and activities. Additional project staff will be hired to implement the services funded through this program.

The attached resolution authorizes the County Administrator to take all actions necessary to implement this program. Further, it provides for the acceptance of an initial grant award for FY2004 through FY2005 and authorizes acceptance should subsequent offers be extended beyond FY2005.

Recommendation

I recommend adoption of Resolution R03-128 to implement the Functional Family Therapy Program for fiscal year 2004.

Smith/4111
